

Introducing the End-to-End Customer Account Management System by Watermans & Invevo

We are thrilled to spotlight the groundbreaking pharmacy business solution brought to you by **Watermans** & **Invevo**, now available for our esteemed customers at StrongRoom AI: The End-to-End Customer Account Management System!

Watermans: With over 20 years of experience in debt collection, Waterman Receivables Management Pty Ltd stands as a stalwart in the industry. Since its establishment in 2004, Watermans has upheld strong ownership and management principles. As proud members of the Family Business Association of Australia, Watermans and its directors are revered for their unwavering commitment to core values, earning widespread recognition and trust.

Invevo: Invevo transcends the ordinary with its innovative approach, integrating modern technology seamlessly with back-office efficiency. More than just an accounts receivable tool, Invevo leads the charge in order-to-cash evolution with cloud-based solutions. Their commitment to better solutions drives them to empower businesses to digitize financial operations cost-free.

What This Powerhouse Offer Includes:

- Comprehensive systems training provision
- Tailored recovery advice for each pharmacy
- Dashboards providing complete visibility of customer performance and debt recovery actions
- Streamlined automated collection processes
- And much more!
